- feeling and acting from a calmer state
- SAFELY needing less pills and puffers
- Improving your sports / exercise ability/performance
- feeling increased vitality and well-being
- enjoying eating, better digestion and appetite
- normalising body weight
- experiencing less symptoms of migraines, asthma, allergies, hay-fever, ME/Chronic Fatigue Syndrome, etc.

I understand that this Buteyko Breathing Centre course is a series of lectures and practical training in breathing reconditioning. It does not constitute medical treatment. I agree not to attempt to teach the Buteyko method to others until I have undertaken professional training.

I understand there is no Money Back guarantee on this course.

I agree to modify my prescribed medication only after direct consultation with a medical doctor. If asthmatic, I am aware that my reliever medication be kept handy at all times.

I will agree with Buteyko Breathing Centre which course is an appropriate investment in my current health and confirm relevant course fees and agree to pay the fee which applies to me (before the first lesson of my course).
